Related Professional Employee & Internship Work Experience

Risk Laboratories, LLC (presently known as Aon RiskConsole)

Manager, Decision Solutions

Marietta, GA

January – May, 1999

Managed three-person team in an approximate 25-employee, privately-held risk management information system firm. Designed and directed decision consulting efforts for firm's clients and prospective clients.

Risk Laboratories, LLC

Senior Systems Consultant

Marietta, GA

August – December, 1998

Designed and directed decision consulting efforts for firm's mostly corporate risk management department clients and prospective clients. The firm's only consultant, I designed cost-allocation decision tools, loss forecasts, insurance policy gap analyses, and loss control & expense reports through VBA coding within a dual Sequel/Oracle based information system. Reported to VP for Research & Development.

Liberty National Life Insurance Company

Actuarial Intern

Birmingham, AL

January – May, 1990

Worked primarily in the health insurance area of the actuarial department. Updated relative value tables used in claims payment. Conducted policy analysis to evaluate loss ratios for blocks of policies and made recommendations to AVP for corrective measures if loss ratios were deemed too high.

L. Medders Vita
