Additional Information:

- Students should plan to take all upper-level accounting courses in residence at FSU.
- In addition to the requirements outlined above, each student must complete all University-wide requirements for graduation.** These requirements include liberal studies requirements, the multicultural requirement, the summer residency requirement, the FSU residency requirement, and total hours requirement. Depending on time of admission to Florida State University, University-wide requirements may differ; please consult your advisor.
- Students **must not** enroll in **any** course at another institution without first receiving approval from the College of Business Undergraduate Programs Office. Once enrolled at FSU, students should plan to take their upper-level business courses at FSU. Any exception to this policy must be approved in advance by the College of Business Undergraduate Programs Office. Transfer of upper-level business courses completed prior to enrolling at FSU must be from business colleges at other 4-year, AACSB-accredited institutions. These courses must be approved for course substitution by the College of Business Undergraduate Programs Office upon entering FSU.
- Requirements for CPA licensure vary by jurisdiction. The FSU **Master of Accounting (MAcc program)** satisfies the educational requirements for licensure for most jurisdictions. A 3.0 GPA in upper-division coursework as well as a 550 on the GMAT (preferred) or a GRE of 1200 (150 on each subsection of the revised GRE) taken within the last five years is recommended for admission into the MAcc program. FSU accounting students with a 3.2 upper-division GPA, a 3.2 upper-division accounting GPA, and a 3.4 cumulative GPA may have the GMAT waived. Application deadlines for the MAcc program are June 1st for fall admission; October 1st for spring admission; and March 1st for summer admission. Applicants interested in assistantships and fellowships should apply by March 1st. More information is available at <http://business.fsu.edu/macc>. Students who have a 3.2 upper-division GPA, a 3.2 upper-division accounting GPA based on at least four upper-level accounting courses, and a 3.4 overall GPA are eligible for the BS/MAcc pathway. More information is available at <https://business.fsu.edu/bs-macc>.
- Students who do not pursue the Master of Accounting program are encouraged to contact the National Association of State Boards of Accountancy (NASBA) or the board of accountancy for the jurisdiction they plan to become licensed in to determine the best path to meet educational requirements for licensure.
